SEVEN FIRES BURN OVER 263 FOREST ACRES

Six forest fires in the Michaux forest district, which includes Adams County, kept fire fighters busy Tuesday. In addition forest fire fighters from Pennsylvania and Maryland battled a grass fire on the state line at Edgemont.

Largest of the fires was the fourth reported at 1:40 p.m. at Emerald Point, in the Caledonia area. The fire was sighted and reported by the Spoway Mountain tower, near the Dixon State Hospital, and burned about 100 acres before it was brought under control, William F. Vanidestine, district forester, reported.

Shifting winds gave fire fighters a tough battle against the fifth fire, reported at 1:45 p.m. by the Big Flat tower. The fire was confined to about 30 acres in the vicinity of the Buck Ridge tower, near Mt. Holly Springs, Vanidestine said, but only because of the valiant battle that the fighters put up.

First Fire

The day began in the tinder dry forest lands with a fire in the Fairview area which burned over 20 acres. Mt. Dunlap tower reported the fire at 10:28 a.m. The same tower reported the second fire in the Roadside area at 11 a.m. and this fire burned over 100 acres.

The third fire was reported at 12:20 p.m. by Snowy Mountain and was confined to a small area in the vicinity of the St. Aloysius Catholic Church in Buchanan Valley. The sixth fire was on the Shippensburg side of the mountain in Thompson Hollow between the Thompson Hollow and the Shippensburg-Arendtsville Roads and burned 12 acres.

Charles Bretzman, Benderville, a forest fire warden, with a crew of about a dozen men participated in the Buck Ridge battle. Bretzman and other wardens and crews fought several of the other fires, but, Vanidestine explained, a summary of who fought and where may not be complete until reports are received from the various wardens and forest foremen.

Firemen Assist

Most fire companies in the area where the fires occurred joined in the fire fighting and, with their radio equipment, provided valuable communication, Vanidestine said.

The Benderville Fire Co. was called at 2 p.m. to fight a fire along the Winksville Rd. near the

President Declares West Will Not Be Blackmailed Into Summit Conference

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower said today he believes the Western Allies will have to meet at the summit with Soviet Premier Nikita Khrushchev to get any sort of valid agreement on German problems.

But no one is going to command the United States and the other Western powers to show up at a top level conference, the President told a news conference emphatically.

The West will not be bluffed or blackmailed into going to the summit, he said.

Wants Berlin Conference

Eisenhower thus said anew, although indirectly, that his attendance at any summit meeting will be contingent on progress at an earlier conference of East-West foreign ministers.

The President was asked specifically whether he attaches any conditions to meeting at the summit with Khrushchev and this country's Western Allies.

At the time of Eisenhower's talk with British Prime Minister Harold Macmillan there were re-

O'Neil, who is a painting contractor, said that Chrismer lost his footing. The injured man reported to hospital personnel that when he hit the ground his hand struck his face and broke his glasses, causing his face to be cut.

NORWEGIAN GIRL SPEAKS HERE TUESDAY

Miss Mari Braaten, 17, an exchange student at Gettysburg High School from Norway, addressed a meeting of the Exchange Club Tuesday evening at Banker's Restaurant, on her country, its customs, and people. Miss Braaten is residing with Mr. and Mrs. LeRoy LeVan until she graduates in June. She explained that, even though she is taking her senior year courses in America, she must take her junior and senior years in a school in Norway when she returns.

Miss Braaten said Norway is a small country with a population of three million. "It is often called 'The Land of the Midnight Sun' since one-third of its land lies beyond the Arctic Circle. During three months of winter, there is darkness. In the summer there is three months of sunshine."

Proud of Vikings

"We are quite proud of the Vikings who lived around 800 A.D. and tried to conquer all of Europe, but other countries do not describe them very nicely."

"Norway is divided into states, counties and townships. It is very similar to America but smaller and much simpler. Our education system will be the best in Europe although the country cannot afford to give everyone a free education. The first seven years are compulsory. If a student wants to go on to high school, an examination must be passed. A student in Norway takes more courses in fewer years than an American student does because the studies are more concentrated."

Miss Braaten was introduced by Vice President Philip Neth, who presided in the absence of President Donald Joseph. Neth scheduled a builders' show work night for next Tuesday.

Doris Hamme, soprano soloist, will sing "The Holy City." Brenda Minter and Cynthia Rosenberger, sopranos, will accompany the choir.

The Rev. William Fenstermaker, pastor of the local Methodist Church, will narrate the Easter story. On stage, a tableau setting showing a rugged cross will be seen. Second Grade In Lincoln School Basement To Move To Keefeauver Building

STATE ORDERS STAIR CHANGE AT XAVIER HALL

The report of state Department of Labor and Industry inspectors on the St. Francis Xavier parochial school here has been received and referred to the chancellor's office at Harrisburg, the Rev. Fr. Anthony Kane said today.

The report, based on a recent inspection by state officials, requires that all internal stairways in the old section of the school building be enclosed with fire resistive materials, Rev. Fr. Kane said.

The report refers, he said, to wooden stairways at the front of Xavier Hall which are used to reach the second floor hall now used for gymnasium purposes. The hall also may be reached through the new building and there is an exterior fire escape, he pointed out.

The school is given until next September to make the changes if the second floor hall is to continue to be used in the next school year. Rev. Fr. Kane pointed out that the order does not affect operation of the school except as it involves use of the gymnasium and added that it may be necessary to forego use of the gym facilities temporarily if the changes ordered by the state prove to be too costly.

He added that the present buildings passed state inspection several years ago when the school facilities were enlarged and improved.

HERE AND THERE

An erroneous impression regarding the fund being raised to purchase a life-size painting of President Eisenhower to be placed in the lobby of the new Eisenhower Elementary School has gained some ground in Gettysburg.

One report is to the effect that school children are being "forced" to donate to the fund and another that the PTA is "compelled" or "expected" to donate to the fund. There isn't one iota of truth in either of these stories. One need but refer to two previous columns several days ago in which the project was outlined.

ALL DONATIONS ARE VOLUNTARY. NO ONE IS BEING PRESSURED. IT ISN'T NECESSARY.

Thomas Stevens, one of the most prominent artists in the country, whose original painting of the President was heartily received by the White House, is doing the painting for Gettysburg. It must be explained that the White House has NOT been consulted on this matter.

Mr. Stevens' painting of the President cost more than \$2,500, but because anonymous donors raised the greater portion of the fund, only \$2,500 remained to be raised locally.

School children were given the opportunity to donate to the fund IF THEY WISH. No "pressure" is being used. The names of all those persons donating to the fund, regardless of the amount they give, will be inscribed in a book and placed in the school's vault.

Those who wish to give to the fund may send their checks, or cash, to the Gettysburg Times. Checks are to be made payable to the "Painting Fund."

STATE ORDERS STAIR CHANGE AT XAVIER HALL

The Joint School committee of the Gettysburg Joint School Board at a special meeting Tuesday evening approved plans to move a basement class of Second graders at Lincoln school and voted to call a meeting of the entire board next Tuesday night to act on other Department of Labor and Industry orders.

At the suggestion of Superintendent of Schools H. Edgar Riegler, the Joint School committee, with Property committee members joining in the discussion but not in the voting, approved a plan to move the Second grade homeroom of Mrs. Suzanne S. Schaffer from the basement of Lincoln school to the general purpose room at the Keefeauver Elementary school.

The change will be made during the Easter vacation so that the pupils will report to their new quarters next Tuesday. The only cost involved will be that of moving the classroom furniture. The state inspection report ordered that the basement room be vacated "immediately."

To Engage Architect

The Joint School committee recommended Tuesday to the Joint Board for action at the special meeting next week: That an architect be employed to begin work immediately on cost estimates for state-ordered changes at the high school and Lincoln and Meade elementary schools. The recommendation urges that plans be rushed on the high school building where stairways in the old section of the building have to be covered with "fire resistive materials."

The directors expect that this means concrete and steel stairs will have to be installed.

The Joint School committee balked at recommending Burchart Associates as architects for the remodeling work and directed school administrators to notify Burchart and other architects in the area for statements on their fee schedules for such an undertaking. It is expected that an architect will be selected next Tuesday so that cost estimates can be gotten as early as possible.

Complicated Problems

The complicated problems facing the school board here was outlined by Superintendent Riegler who said in part: "We could bring all of the buildings up to snuff with the expenditure of a lot of money. We could seal off the second floors of Lincoln and Meade, make the required changes in the basements or we could close one building and fix up the other completely."

"If we close one building, we cut off the prospect of overflow space for high school classes which soon will become acute. There has been no mention of reimbursement by the state for any of these expenditures."

In the discussion that followed it was brought out that half-day sessions may become a reality here next year or the year following.

There will be four more classes for the high school building next fall and every home room in the building is in use now, it was brought out. Use of the speech room and sections of the cafeteria for home rooms is a possibility. Moving two offices to the old high school lodge building, which would have to be extensively remodeled, would free two present offices in the high school building for use as classrooms.

"Extensive Spending"

Superintendent Riegler said he has been informed that a Harrisburg meeting is being held today for the purpose of fixing a Labor and Industry policy on what is to be required of school districts

TELLS CLUB OF WAR TRIALS

"Some Aspects of the Nuremberg Trials" were outlined Tuesday evening by Atty. Charles W. Wolf at a meeting of the Gettysburg-Adams County Torch Club at Trinity United Church of Christ.

Wolf, a member of the armed forces in Germany in 1946 when the Allied military tribunal tried and convicted 22 Nazi leaders of war crimes, said that the trials were a "new development" in international law.

While the trials were the first held on the theory that those who start wars are guilty of a crime, the idea had been suggested frequently prior to that time. The actual setting up of the trials, he said, was a new extension of international law.

Were Fair Trials

He added that the trials were fairly and democratically conducted and each of the men alleged to have committed acts of

"WITH SWEET WORDS"

With sweet words I will endeavor . . . to relate my love for you . . . though you are beyond comparing . . . still I'll try with phrases true . . . holding you is holding heaven . . . so divine are you, my dear . . . treasures that you possess, darling . . . are the things that I revere . . . always faithful, always hopeful . . . understanding, warm and gay . . . little is it any wonder . . . that you are my heart's bouquet . . . would that words could do you justice . . . what I pen would span all time . . . living on and on forever . . . so divine would be rhyme . . . but I'm just an average mortal . . . who drifts in the clouds above . . . in an effort to relate, dear . . . just how wonderful my love.

President

(Continued From Page 1)
was asked to explain just what he had in mind when he said last week in a nationwide television radio address that there must be justification for a summit meeting.

He replied that he meant progress — obviously at an earlier foreign ministers conference — that would justify a top level conference.

Still later at today's session with newsmen, Eisenhower was asked whether he felt anything worthwhile could come of a meeting with Soviet representatives at anything less than the summit level.

The President replied it is perfectly clear that Khrushchev is the only man with sufficient authority to negotiate for the Soviet Union with the West and make it stick. Any Russian of lesser status, he said, would have to be on the telephone to Moscow all the time, checking with Khrushchev.

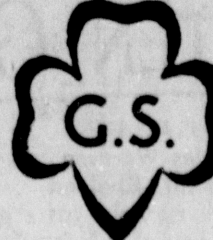

The President went on then to say if we are going to get anything of substance from the Russians — if we are going to get a valid agreement — then Khrushchev has got to be in the picture.

8 Students Hurt In Bus-Truck Crash

Eight Findlay College students sustained minor injuries at 10:20 a.m. Tuesday when their bus crashed into the rear of a truckload of logs at the intersection of Route 16 and the Airport Road three miles east of Waynesboro.

The eight were members of the Ohio college choir which is on a weeklong tour and which had presented a sacred concert at the Germantown-Bethel Church of God Monday evening.

State police said the college bus crashed into the rear of the load of logs when the driver of the truck turned his rig southward onto Airport Road.

W. B. Rodgers, Abbotstown, said he was driving the huge load of logs to Cumberland, Md., and that he had signalled for the left turn when the bus ran into his load.

Police said the bus driver, John Johnson, 20, Ossian R. 1, Indiana, had veered the bus to the left to avoid the collision but that the right front of the bus smashed into the left rear of the load of logs.

in bringing buildings in line with requirements.

At one stage in the discussions, Riegle described the state orders as requiring "extensive spending at Meade School" and "almost prohibitive spending at Lincoln School."

The state orders require basement fire proofing work at both buildings, fire resistive stairways and a second floor hall in each building. The district has taken an appeal from the state order requiring that plans be filed in triplicate in Harrisburg in 30 days.

No word has been received on the date for a hearing on the appeal.

Guise Presides
Vice President Ralph W. Guise presided at Tuesday's meeting with all members of the Joint school committee present or represented by substitutes excepting Dr. R. D. Wickerham, who is out of town. Ray J. Kitzmiller, president of the Gettysburg borough board and chairman of the jointure's finance and planning committee, said he was attending as a spectator and did not take part in the voting.

The special meeting of the 37-member joint school board was set for Tuesday, March 31, at 7:30 p.m. at the high school building. Directors pointed out the urgency of getting cost estimates on the remodeling work to be done under state orders. April is the month for adopting a budget for the school year opening July 1 and the remodeling, expected to be costly, may upset present budget prospects. No cost figures were ventured Tuesday night.

Go Over Landscaping Plans
The joint school committee stayed in session until nearly 10 o'clock going over with Gary Orndorff, job supervisor for Buchart Associates in York on the Eisenhower School, specifications for the filling, grading and landscaping contract for the Eisenhower School.

The committee voted to recommend to the joint board next Tuesday that the Gettysburg School Authority be asked to advertise for bids as soon as possible on the landscaping contract. The specifications will be expanded to include bids for additional shrubbery and a few trees to be bid on an alternate basis. Directors will decide when the bids are opened whether they can afford the extra landscaping improvements.

The committee also approved a change in tile for the cafeteria floor in the Eisenhower School so that greaseproof tile can be used. Greaseproof tile the previously approved now is unavailable.

Today's Talk

HIGH THINKING

The higher we get up in life the more we see and the more we learn. Most of the wonders of nature and of life are screened from us. Often because we may not be ready to drink in their rare substance.

I shall never forget the thrill and wonder that came over me many years ago upon my first visit to the American and Canadian Rocky Mountains. There's high thinking then and there. It's a different world with beauty and grandeur at your feet, all taking you to vast distances. When I first viewed those great redwood trees in California, I removed my hat for a vital introduction to beauty and power so close to me. There was no room for petty thinking in such a location and before such mystery. I can understand why it was written that Christ went to a high mountain on which to pray.

It was on a high mountain that Simon Bolivar and his teacher went for quiet talks, and where Bolivar decided to dedicate his life to freeing his country of the Spaniards. The decision was made, I believe, on one of the high mountains of Spain. The life story of Bolivar is one of the most inspiring in all history of this Western World. He is called the "George Washington of South America."

We get high thinking on high mountains! I am of the opinion that thinking in high places washes out the soul. Fascinated as I am, when looking off from a high place, it's good to feel the good earth under one's feet. Many people get comfort merely from sitting on their front porch. I can appreciate this if there is always good talk there.

Tomorrow Mr. Adams will talk on the subject: "Twilight"

PLEASURE WAITS

Sorrow comes,
But not for long;
Grief will vanish
With a song.

Tears will flow,
And hearts must mourn;

Every one of
Us must feel.

But the handclasp
And the smile
Wait for you

MRS. DUNCAN

WILL APPEAL

CONVICTION

VENTURA, Calif. (AP) — "I think my chances for an appeal are just fine," says condemned murderer Elizabeth Duncan.

She made that statement Tuesday after being declared sane and subject to the death sentence for hiring the murder of her daughter-in-law.

Earlier she had been convicted of first degree murder and her punishment set at execution in the gas chamber.

Immediately after Superior Court Judge Charles F. Blackstock accepted the conclusions of two psychiatrists that Mrs. Duncan was sane, defense attorney S. Ward Sullivan filed a motion for a new trial and asked that Mrs. Duncan's son Frank, 30 a Santa Barbara attorney, be associated with him.

Judge Blackstock said he would consider the motion April 3. If he denies it, he is expected to sentence Mrs. Duncan at that time.

Sullivan has said he would carry an appeal from the conviction to the higher courts.

Mrs. Duncan, jealous of Frank's bride, Olga, 30, was convicted of hiring two men to kill her daughter-in-law on the promise of paying \$6,000. Augustine Baldonado, 26, and Luis Moya, 30, confessed kidnapping and strangling Olga. They are awaiting trial.

the state highway patrol addressed the meeting on the work of these patrols.

Leon H. Metzger, secretary of the Pennsylvania department of Revenue was the principal speaker.

Harry M. Funt Wins County Spelling Bee: Harry M. Funt, of Biglerville, an employee of the C. H. Musselman company, is Adams county's champion speller. LENTEN GUIDEPPOSTS

SUNDAY AT SEA

By Douglas Wardrop

Plaxtol, Kent, England

I suppose we all have fears of the unknown, few of which ever come to pass. Yet on Sunday morning, June 9, 1957, one fear

that had haunted me many times actually happened.

At the time I was second mate on the British Monarch, a freighter, and we were in the Pacific enroute to Japan, hundreds of miles from land.

It was 0400 (4 a.m.) I went to the stern to inspect a faulty log clock. Unable to read the clock standing on the deck, I climbed on top of a solid bulwark. While I was leaning outboard, the ship lurched slightly and I lost my balance. A desperate grab at the bulwark missed and I fell into the ocean.

When I came gasping to the surface, the Monarch's stern lights were disappearing into the darkness. I shouted but no one heard me.

Million-to-one Chance

Slowly the awful truth of my situation struck home. My ship was now out of sight; it might be hours before they discovered my disappearance.

Panicky thoughts came. I had only a million-to-one chance of survival. Should I end it quickly? Just let myself go under? Or struggle until complete exhaustion overpowered me?

Suddenly I desperately wanted to live. At 23, life seemed very sweet and desirable. I would fight to keep it with every ounce of strength.

Right then I realized my thoughts could take two directions: they could dwell on the potential horrors of the situation or they could fix on the possibilities of survival.

In God's Hands

"Well, God, I'm in your hands," I thought. "In You I put my trust for better or worse. But if You don't mind my injecting an idea of my own, I just don't believe my time is up."

It was becoming lighter in the eastern sky now. From the sunrise I was able to fix my bearing. Mentally, I figured it out. If I moved along at a couple of miles an hour, I might even swim to Japan—in a couple of weeks. "Poor Captain Coutts," I thought out loud. "I'd hate to be in your shoes about now, debating what to do. Can you find a dot in the ocean, Captain?"

It took surprisingly little effort to keep afloat. Must be a lot of salt in the water—why, I can last for hours! If only I were not so alone.

Panic Subsides

And then it came to me: "I'm not alone. No one ever really is. For He is with me all the time, unseen, unheard, but very real." And the first pangs of panic subsided.

Ouch! A sharp needle-like pain shot through my leg. An electric eel moved away and began to circle around me. He was about a foot and a half long with small, pale blue suckers.

"Come on," I shouted, "sting me if you will, but don't sneak up from behind. Let's meet face to face."

The eel continued to circle, ugly and sinister in the murky water. "God, I've been told that everything You make in this world has some purpose to fulfill, but surely nothing as mean and vicious as this creature." After a while the eel disappeared.

Begins To Ramble

It got hot. Hours passed. I began to ramble a bit to myself and a bit to God. He became a Companion with Whom I could talk. Without the assurance that He was there, I would have lost my mind.

Then a turtle appeared. He was enormous. "Hi, there, Turtle!" I called. The turtle inspected me for a while with blinking eyes, then decided that I was harmless.

"Turtle, how did you get so far away out here?" I asked. The turtle looked at me so solemnly that I actually laughed. A loud laugh. Was I going crazy?

More hours passed. Now the beginning of weakness. I tried floating on my back again. A wave caught over my face. I gulped, coughed and sputtered. That wouldn't do: too much loss of strength.

Masts On Horizon

Once I saw what looked like an enormous fish coming my way. Sharks! I was surprised they had not come before. But I was too weak to do anything but stare.

"Lord, if it's Your will for me to go now, make it quick, please."

But it wasn't a shark. I shook the water out of my blurry eyes. A little later I saw two masts on the horizon. With all my strength I started swimming toward them. Then I stopped. Swimming was pointless. I tried to wave my arms, but they weighed a ton each.

"Please, God, don't let them come so close and not see me. I'm not afraid to die, but don't add torment to it."

And then they were lowering a boat. It was the Monarch.

Later Captain Coutts was snaking his head in amazement. "I told myself over and over that it was a waste of time to turn around, but something refused to let me give up."

I was in the water nine hours. The Monarch covered a hundred miles before she found me.

My shipmates kidded me later. "Our money's on you in the next channel race," said one.

Another chimed in, "What a way to spend Sunday at sea."

Sunday at sea! I liked that phrase. For isn't Sunday the day you're supposed to feel closest to your Creator?

BOYS' PRANK BRINGS ARREST BY FBI AGENTS

SAN FRANCISCO (AP)—Frank about their prank on a bank, two youngsters hoped to be cleared of attempted holdup charges today. But they wished wistfully it hadn't happened.

Little Dan McKay, 9, and big Danny Husk, 13, school boys on Easter vacation, simulated a bank holdup Tuesday seeking some play money.

Trouble is, officials of the Bank of America—the world's largest—took them seriously. And a dragnet of 15 policemen and FBI agents took the bank seriously.

Attempted Robbery

So, when the youngsters returned home from a movie, they were arrested and turned over to the San Francisco Youth Guidance Center. The charge: attempted bank robbery.

"They cried when we surrounded them," said Inspector William Porter.

En route to the movie the boys stopped at the Bank of America Mission branch. The bank had issued some play money as a promotion campaign. The boys said they had lost theirs and wanted more.

Gave Teller Note

Little Dan, cleanly dressed in a sweater, jeans and tennis shoes, marched to the teller's window. He solemnly placed a slip of paper on the counter. It said (in Big Dan's handwriting) "Put \$100 in sack or we'll blow u the bank."

"Who gave you this?" demanded Filamene Miller, the teller.

Little Dan fidgeted and pointed to his buddy. "Miss Miller scolded them and said 'Get out of here.' Big Dan said he told her it was a joke and apologized. The boys left."

Miss Miller reported the incident to J. C. Bonzani, branch manager, who called police. They traced the Husk boy's home address through his school records.

FINDS MOULDY CASH IN CACHE

FALL RIVER, Mass. (AP)—A youth ran into the cellar of a three-story house Tuesday to hide from a companion and discovered a cache of \$1,062.

Some of the money was moldy and some had been chewed by mice. Bills were scattered on the floor. Other bills — all of small denomination—were found in bags in corners.

The mystery was solved by Miss Catherine Matthews, 56, who lives a couple of blocks away.

She said she put the money in the tenement because she was afraid it might be stolen if she kept it home.

Police returned the money with a suggestion she deposit it in a bank.

Say Many Pinball Machines Moved

NEW CASTLE, Pa. (AP)—Owners of multiple coin pinball machines apparently have voluntarily removed about 150 of the machines from Lawrence County taverns and stores since State Superior Court outlawed the devices.

The estimate of the number of machines picked up was made by New Castle police and county authorities.

Only a few days ago, the State Attorney General's office advised all district attorneys to refrain from seizing the machines pending a possible appeal of last week's Superior Court order.

NEW YORK (AP) — Cancer kills 75,000 Americans each year—needlessly.

The American Cancer Society reported Tuesday that 45,000 Americans develop cancer each year.

Last year 150,000 were saved. The report said 75,000 more would have been saved by earlier diagnosis and treatment.

The two most rapidly increasing forms of cancer in older persons are leukemia (cancer of the blood) and lung cancer.

REQUEST ILGWU PROBE IN HARD COAL REGIONS

WASHINGTON (AP)—A Pittston Pa., dress manufacturer has asked the Senate Labor Rackets Committee to investigate activities of the International Ladies Garment Workers Union in the hard coal regions of Pennsylvania.

In making the request Tuesday, Mrs. Emanuela Buffalino Falcone showed committee staff investigators a picture of a funeral spray which she said was found on a door of her factory, the Jenkins Sportswear Co.

The funeral spray bore a letter ribbon which read: "Dolly is dead." Dolly is her own nickname, Mrs. Falcone said.

Threatened, Abused

She also told investigators that seven women staying on the job at her struck plant have been "threatened and abused."

Despite the threats and abuses, Mrs. Falcone continued, she has been unable to get any cooperation from local police or Gov. David Lawrence.

She said three of her women employees had appealed previously to the Senate Rackets Committee and also had met with an aide of Sen. Karl E. Mundt (R-SD).

Mrs. Falcone, accompanied by her attorney husband, Salvatore, also consulted with Sen. Hugh Scott (R-Pa.).

Told To Get In Line

She later told a newsman she never has received an open statement from the union outlining what it wants to settle the strike. Mrs. Min Matheson, an ILGWU official, merely walked into the factory and "told me to get in line like everybody else," Mrs. Falcone added.

Mrs. Matheson was not reached for comment.

2 ENORMOUS ROCKETS ARE BEING BUILT

NEW YORK (AP)—Saturn and Nova, two enormous rockets reportedly in the U.S. space future, were described today in a leading rocket journal.

Nova, the most powerful of the two, will weigh some 2,250 tons, reported Astronautics, journal of the American Rocket Society.

The five stages of Nova would churn up a total of 7,600,000 pounds of thrust, compared to only 370,000 for the intercontinental ballistic missile, Atlas.

Saturn, called Juno V by the U.S. Army, will use eight current engines clustered in a first stage to turn out 1,200,000 pounds of thrust, the April issue of the journal said.

Vast Rocket Program

The second stage of Saturn would use the large engine from the Titan intercontinental ballistic missile. It creates 300,000 pounds of thrust. Smaller engines make up the latter two stages.

Nova's first stage is a cluster of four engines turning out a total of 6 million pounds of thrust. A single engine makes up the second stage of 1½ million pounds of thrust. Smaller engines make up the latter stages.

Both of these mammoth space vehicles are reportedly part of a 2-billion-dollar rocket program forecast by T. Keith Glennan, director of the National Science and Aeronautics Administration.

Chambersburg Man Is Held For Murder

KANSAS CITY, Kan. (AP)—Two youths, captured last month in New Orleans, Tuesday were ordered held for District Court trial on a charge of murdering their landlady here.

Bobby Joe Spencer, 20, Los Angeles, and Gaither Eugene Crist, 21, Chambersburg, Pa., offered no defense at their preliminary hearing.

The state relied mostly on their signed statements that they killed Mrs. Rubie E. Blanton, 58, widow, at her home Feb. 4. Her skull was crushed, her throat slashed and her body tossed down the basement stairs.

Spencer and Crist took \$8 from Mrs. Blanton's purse and fled to New Orleans where they were arrested shortly after robbing a taxi driver Feb. 9.

Accuse Woman Of Embezzling Funds

HARRISBURG (AP)—A woman bank employee today faced a hearing before U. S. Commissioner Charles W. Ware on charges of embezzling or misappropriating funds of the Farmers' Trust Co., Lebanon.

Miss Anna Mae Snyder, 37, assistant secretary of the trust company where she has worked since 1938, was ordered held in lieu of \$1,000 bond pending the hearing.

Asst. U. S. Atty. Dan Morgan, Scranton, said the charges involve about \$30.

Epistles From A Roman

Soldier, Puzzled, Tells His Father About Visit With Man Called Peter

EDITOR'S NOTE: This is the third article of the Eastern series "Epistles from a Roman." Each is in the form of a letter from a Roman officer stationed in Jerusalem to his father in Rome. While he first showed mocking disbelief of the Galilean's words, the soldier's attitude now is slowly changing.

By TOM HENSHAW
Associated Press Religion Writer

Jerusalem, Judea
16th year of the Caesar Tiberius Gaius my father,

I send you the warmest of filial greetings.

Another ray of oppressive heat sharpens the fine edge of temper. This afternoon, in the courtyard of our Antonia, two soldiers quarrelled over a mere game and had at one another with knives. Before they could be parted, one lay dead and the other grievously wounded.

The heat is such, my father, that it begets the mind. For a time today even I felt it dull my senses to the point where the incredible became credible and fantasy almost became truth. As you may guess, it is our Galilean again.

From one of his closest followers, a man named Peter, I have learned more about this strange, wandering holy man from Galilee. It is a story which will stretch your credulity to the breaking point and beyond.

Reluctant Manner

I met the man Peter by great coincidence in the shop of a man who supplies both animals for Jewish sacrifice and meat for our garrison. At first, Peter was reluctant to talk to a Roman. But, feigning deep interest, I was able to play upon his sympathy until he agreed.

We adjourned to a place outside the city walls, a quiet hillside garden called Gethsemane to which the Master, as Peter calls the Galilean, frequently retreats for meditation. Peter spoke at great length and I shall tell you, my father, briefly what he said.

The Galilean is named Jesus and he is indeed the promised savior. He is indeed the Son of God. He was born of a virgin in Bethlehem, south of here, during the reign of Herod as king in Judea. This is what Peter tells me.

Meet For First Time

Peter met him for the first time on the shore of the fresh water sea in Galilee. The Galilean directed him to drop his fisher's nets and follow him. Such is the force of the man's personality that Peter, although he did not then know why, did drop his nets and did follow him!

Peter claims to have been present when Jesus — the Galilean — performed supernatural acts called miracles. He caused a man to rise from the dead; he stilled the angry storm waves of the fresh water sea; he healed lepers and blind men and people possessed of demons.

He talked on, this man Peter, and as he spoke a far away look came into his eye and his voice rose in the stillness and the uneasy feeling crept over me that he was no longer speaking to me alone but to all the world, although there was no one else within earshot.

Love Is Key

"His message," said Peter, speaking as one who had it graven on his heart, "his message is this: Thou shalt love the Lord thy God with all thy heart and with all thy soul and with all thy mind. Thou shalt love thy neighbor as thyself."

"Blessed are the poor in spirit, for their is the kingdom of heaven; blessed are they that mourn, for they shall be comforted; blessed are the meek, for they shall inherit the earth."

When he had finished we sat silent for some time. I blush to tell you, my father, that during that time I half believed the fantasy he wove about the Galilean and his message.

Propose Changes In Pa. Motor Code

HARRISBURG (AP)—Numerous proposed changes in the state Motor Vehicle Code will be reviewed by the Pennsylvania Automotive Ass. at a meeting in Harrisburg Thursday.

E. W. Parkinson, Harrisburg, AA assistant general manager, said today state officials and legislators have been invited to join the workshop discussions which will highlight the conference of some 75 Pennsylvania new car dealers.

Parkinson said major recommendations up for review include use of radar for enforcing speed laws, to be granted only to state police and police departments having at least 10 officers and use of chemical tests to determine the degree of alcoholic influence upon people accused of drunken driving.

Slowly the noises of the city intruded upon my ears. A caravan clattered by on the road from Bethany. The peal of a horn echoed in the little valley. Suddenly, I was back to reality in a hillside garden with a man named Peter.

"What you say has merit," I conceded, "but it is scarcely proof to me. How do I know that what you say is true? How do I know that he is indeed the Son of a God? You must show me proof."

Bullets, With 8 Veterans, Meet Syracuse In Opener Here Thursday At 2:30

Gettysburg College opens a stiff 23-game baseball schedule here Thursday afternoon at 2:30 when the Bullets meet Syracuse University.

Prospects for another successful campaign are good, Coach Bob Hulton having eight lettermen back from last year's outfit which turned in a 15-4 record and topped the Middle Atlantic Conference with a 12-1 record.

Heaviest losses last year were Frank Capitani, hard-hitting outfielder, and Jack McCracken, ace right-handed hurler, both of whom will play minor league ball this season under the banner of the Philadelphia Phillies.

Three juniors are seeking the catching berth which was left wide open by graduation. Connie Youse, Marty Elliott and Dick Davidyock are the leading candidates.

Three Infield Veterans
The infield will be almost entirely made up of veterans. Larry Liedel, senior, will be at third base; Jerry Long, another senior, at shortstop, and Jeff Kahler, junior, at second base. The only newcomer will be Ken Fruchter, sophomore, who is a left-hander all the way and who appears to have clinched first base.

Mound prospects are good with the veterans Dick Hawkins, junior left-handed ace; Bucky Walters, senior right-hander, and Tom Knox, junior southpaw, remaining from last season.

Three sophomore right-handers, Mel Jacobs, Ron Fredericks and Russ Gluckman, are expected to round out the permanent staff. Other hurling candidates are Barry Kain, John Ernest, George Steiffer and Steve Monte, all sophomore right-handers.

Harry Binger, senior, is the lone remaining regular outfielder although Ritter Smith, senior, also played in the outfield when not at first base last season. Fred Mueller, junior, a reservist last season; Dave Salberg, senior; Gordon Kissinger and Harry Garrison, sophomores, round out the candidates for the outer garden positions.

Drills Satisfactory
Due to much favorable weather the last two weeks, the Bullets have gotten in some very satisfactory outdoor drills.

Coach Hulton is undecided as to whom he will name to oppose Syracuse on the mound. Hawkins will probably get the nod if a bruised heel does not hamper his duties. If Hawkins is unable to start, Walters will be the choice. Syracuse, coached by Ted

HIGH JUMPER IS INJURED

BOSTON (AP) — Boston University freshman John Thomas, the world high jump record holder, will be sidelined eight to 12 weeks with a foot injury suffered in an elevator mishap.

The track career of the 18-year-old sensation was nearly ended Tuesday when his left foot got caught between an elevator and the shaft in a BU building where he is employed part time.

Thomas, who became the first athlete to jump seven feet in jumps before registering his world mark of 7 feet, 1 1/4 inches, suffered three cuts and bruises, but escaped broken bones.

Dr. Chester W. Howe operated on Thomas at Massachusetts Memorial Hospital and said the young Negro star will be confined for several days.

REDS TABBED DARK HORSE OF SENIOR LOOP

By JOE REICHLER
Associated Press Sports Writer

TAMPA, Fla. (AP) — The Cincinnati Reds are being tabbed as the dark horse of the National League but that is bringing little solace to Manager Mayo Smith and General Manager Gabe Paul. They realize that if something isn't done soon about the plight of their pitching staff, the Reds will be fortunate to finish in the first division.

Ask Smith to evaluate his club and he gives you several stock replies. He leaves it up to you to interpret them.

"It's hard to say whether the club is good, mediocre or bad at this point because we don't know about the pitching."

Hinge On Hurling
"Our pitching is the key. How far we go depends upon that." The truth of the matter is that Mayo is worried about his pitching, or lack of it. He has four veteran starters in Bob Purkey (17-11), Don Newcombe (7-13), Brooks Lawrence (8-13) and southpaw Joe Nuxhall (12-11). He has a couple of good looking youngsters in lefty Jimmy O'Toole and righty Orlando Pena.

O'Toole, a 20-game winner at Nashville, is the big hope. But Smith is afraid of the pressure.

The way the staff shapes up, Pena and Hal Jeffcoat will be the end relief men, Tom Ackler and Willard Schmidt will be the middle men and Bob Mabe may win the No. 5 starting role.

Balance Of Power
Cincinnati has a balance of power, achieved mainly by the acquisition of right-handed hitting slugger Frank Thomas from Pittsburgh. The Reds' batting order lists left-handers Gus Bell, Vada Pinson, Jerry Lynch in the outfield and Ed Bailey behind the plate; with righthanders Frank Robinson at first, Johnny Temple at second, Roy McMillan at short and Thomas at third.

The suspicion is that Thomas, a mediocre third baseman but a good outfielder, will be switched to left field with Bell either peddled to another club or cast in a utility role. In that event, Eddie Kasko, an infield handyman, would take over at third base.

"We should score some runs," said Smith, "but sometimes it can be a case of feast or famine. What we're striving for is steady pitching and good balance. So far, it's not good, not bad, just in between."

DON DRYSDALE LOOKS GOOD IN PHIL SHUTOUT

By JIM KENSIL
Associated Press Sports Writer

Don Drysdale's "tired elbow" is wide awake. It never took a rest Tuesday as the 22-year-old Los Angeles right-hander pitched nine shutout innings and the Dodgers upped their exhibition record to 10-3, best in the majors.

The Philadelphia Phils were the victims of Drysdale's 1-0 performance, a five-hitter at Saratoga. The Phils got only two runners past first base after the fourth inning, and although the Dodgers got only three hits, a double by Wally Moon and a triple by Jim Gentile in the fourth inning were enough. It was the first complete spring game by a Dodger pitcher in three years.

Arm Okay Now
When Drysdale flopped at the start of the 1958 season some said it was nervousness before "home-town" fans. Don was born in Van Nuys, Calif.

Recently he brushed aside any detailed explanations of his slow '58 start with this statement: "My arm just wasn't in shape. I used to get tired in the elbow. That's where I feel it when my arm isn't strong. This spring I feel I passed that tired elbow stage early."

Go 9 Innings
Up until Tuesday only Bob Anderson of the Chicago Cubs had gone nine innings, but Milwaukee's Warren Spahn and Pittsburgh's Vern Law made the step along with Drysdale. No American Leaguer has gone the route.

Spahn was as sharp as Drysdale, allowing only five hits in a 3-0 victory over St. Louis at St. Petersburg. The 36-year-old left-hander is the highest paid (\$60,000) pitcher in baseball because he can come up with the big one.

Law stopped the much-improved Detroit Tigers 3-1 at Lakeland, as Rocky Nelson, the perennial minor leaguer, chipped in with three hits, including a home run. One of four hits off Law was a homer by Gail Harris.

Orioles Win
Baltimore shelled Kansas City 11-3 at West Palm Beach. The Orioles, atop the AL spring standings with a 9-4 record, had 14 hits, including 4 homers by Gus Triand and Willie Tasby.

Washington hung the seventh straight defeat on Cincinnati, 7-4 at Tampa. Frank Robinson hit a grand slam homer in the Reds' sixth-run eighth after the Senators had finished scoring.

The Boston Red Sox nosedive continued at Phoenix where the San Francisco Giants won 10-4. It was Boston's fourth straight loss after winning 10 of their first 11.

Yanks Win One
Ernie Banks doubled home two runs in an eighth inning pinch hitting role as the Chicago Cubs broke a tie and defeated Cleveland 2-4 at Mesa. Rookie Joe Schaffernoth shut out the Indians on four hits for seven innings.

In a night game at Miami, the New York Yankees landed on rookie Rodolpho Arias of the Chicago White Sox for five runs on seven hits in the fifth inning, the last five in a row. The Yanks won it 6-4 and ended a string of 10 scoreless innings by Arias.

Scotland Coach Latest To Quit

Salvatore Russo, head football coach at Scotland School for Veterans Children, for the past two years, Monday night submitted his resignation. He will continue as a member of the faculty.

Russo, who went to Scotland as assistant football mentor five years ago and took over the grid helm when Thomas Carr moved to Delone Catholic High, is vacating the post in order to devote more time to study towards a master's degree, school authorities announced. He will continue on the Scotland faculty as a Sixth Grade teacher, and will retain his position as coach of junior varsity basketball.

Russo is a graduate of Clarion State Teachers College and of Butler High School.

The school is accepting applications for a successor as football coach.

NORMAN LEWIS LOSES HIS JOB WITH PLAYERS

By ED WILKS
Associated Press Sports Writer

TAMPA, Fla. (AP) — J. Norman Lewis became the legal representative for the major league baseball players six years ago despite the belligerent opposition of the club owners. Today, the New York attorney has lost the job because of his own belligerence toward the owners.

Lewis was given the ax here Tuesday at a meeting of the 16 player representatives. They announced they now have more need for a public relations representative—an agency man to handle endorsements and similar matters—than an attorney.

The representatives, after a day long meeting took back to their respective clubs a proposal to set up a central office in New York with Frank Scott to act as their representative. Scott already has served as an agent for numerous players.

Lewis himself made the announcement that his contract, which calls for \$20,000 a year and expires March 31, had not been renewed.

He told newsmen: "The players believe that by reason of the achievements they already have accomplished, they no longer need a permanent attorney under contract."

"But we felt," said one representative, who declined use of his name "that he had become too belligerent toward the owners."

GOMEZ HAPPY OVER TRADE TO PHILLIES

By ED WILKS
Associated Press Sports Writer

CLEARWATER, Fla. (AP) — Ruben Gomez, the Puerto Rican right-hander who puts up a fuss about pitching in cool weather and occasionally pops a batter with a pitch, admits he's a little temperamental.

"Everybody has things they like to do or don't like," said Ruben, who does a pretty good job with English. "I don't like to pitch in cold weather."

"No pitcher does, unless he has a fast ball, and I don't throw so hard. When it is cold you don't break a sweat. I like to have moisture on my hands so I can control the ball better."

Trade Was Surprise
Gomez, a thin guy who stands 6-0 and is listed at 170, admits the December trade that sent him from the San Francisco Giants to the Philadelphia Phillies came as a surprise. Two surprises, in fact.

"First I was surprised that they traded me," he said, "and then I am surprised that they traded me to Philadelphia. I think they traded me to Cincinnati."

"I like this team. I get a chance to learn from that fellow," Ruben added, pointing to Robin Roberts. "I watch to see how he moves the ball around. And if there is some hitter he gets out all the time I watch and maybe I will too."

Ruben, 31, had a 10-12 record last season, his sixth in the majors. He thinks he can win 15 with the Phillies, "if they pitch me regularly so I can get into the groove."

Triandos Leads Orioles In Hitting

ORLANDO, Fla. (AP) — Who lead the Baltimore Orioles in runs batted in and home runs during spring training games?

Gus Triandos, naturally. The big catcher has led the club in those departments for the past four seasons. He hit his third spring homer Tuesday and knocked in three runs as the Orioles clubbed Kansas City 11-3 at West Palm Beach.

Baltimore has a 9-4 record to lead all Grapefruit League teams. In the six games he has played, Triandos has knocked in 13 runs. The Orioles play the Washington Senators here today.

Hershey Plays At Cleveland Tonight

HERSHEY, Pa. — The defeat Cleveland slapped on Hershey last Sunday afternoon left the Bears in the 4th position in the final standing in the AHL.

Series B of the Calder Cup gets under way tonight when the Bears play second spot Cleveland on the windy city's ice. The second game will also be played in Cleveland Saturday, March 28. Hershey won't see their home ice until Wednesday, April 1, and their second on Saturday, April 4, in the best of four out of seven.

The injury jinx still plagues the Bears adding another victim to their list of casualties. Willie Marshall, their star center and leading scorer, came out of the Sunday contest with a broken toe of his right foot and a badly sprained ankle. Marshall will be sidelined for an indefinite period.

EXPECT KUENN TO WIN TITLE

By DAVE DILES
Associated Press Sports Writer

LAKELAND, Fla. (AP) — In the space of one season, Harvey Kuenn mastered a new position. Now the Detroit Tigers believe he is ready for something bigger—the American League Batting championship.

Only 28, the ex-bonus player from the University of Wisconsin has been a big league player for six seasons.

Kuenn, always among the leaders in hits and doubles, has a lifetime batting mark of .308. In 1956 he hit at a .332 clip.

His average nosedived 55 points and his RBI total fell off 50 percent in 1957, the year the husky blond was panned for his fielding at shortstop. It is a position he had played all his life and he made the American League all star team there five times.

Stanley R. (Bucky) Harris had suggested two seasons before when he was Tiger manager, that Kuenn would be better off as an outfielder.

MONTREAL AND BRUINS SNARE OPENING TILT

By THE ASSOCIATED PRESS

Maurice (Rocket) Richard's gloves and the grit and determination of 32-year-old goalie Harry Lumley were the stories behind victories by Montreal and the Bruins in Tuesday night's opening play in the Stanley Cup hockey playoffs.

Marcel Bonin sparked the Canadiens to a 4-2 victory over Chicago and Lumley held Toronto at bay in Boston's 5-1 victory. Both were opening games in the best-of-seven semifinal series.

Richard, out for the past two months with a fracture, watched the Canadiens from the sidelines. When he went into the dressing room to congratulate the team, Bonin sang out:

"Hey Rocket, here are your gloves," he said pointing to a pile of equipment he had just discarded.

"You had better take good care of them," Richard admonished, grinning. He is expected to rejoin the team next week.

Bonin's two goals broke open a 2-1 contest in which Montreal never trailed after Claude Provost's opening period goal. Goalie Jacques Plante got magnificent support from his defense, getting only 13 saves. Chicago goalie Glenn Hall rang up 42, as teammate Tod Sloan scored both the Hawks' goals.

Lumley had 32 saves in thwarting Toronto's hopes of continuing their victory sweep. The Leafs won a playoff berth with five straight victories in their final games to beat out New York by one point.

Everyone agreed that Lumley's save on Frank Mahovlich's shot that he had to scissor between his legs was the turning point. It came in the second period with the Bruins holding a 2-1 edge on goals by Jerry Toppazzini and Leo Labine.

FORT MYERS, Fla. (AP) — Manager Danny Murtaugh of the Pittsburgh Pirates is giving no indication as to who his starting pitcher will be for the opening game against Cincinnati April 9. He has reason, too.

The perennial starter, Bob Friend, has pitched less than nine innings since the start of the exhibition season. Other pitchers are in the same boat.

The Day Christ Died

Jesus dies on the cross. Joseph of Arimathea, determined that the Messiah be given an honorable burial, receives permission of Pontius Pilate to claim His body. He is joined in his charitable effort by Nicodemus.

3 P.M.
April 7, A.D. 30

NOW, AT the end, Jesus again pulled Himself up to the top of His cross. Again He spoke, "Father," He cried, "into your hands I commit My spirit!"

One of the soldiers came around to the front of the cross to take another look. Then he went back and lay down on the rock.

From Jesus' lungs came a final cry: "It is finished!" The body sagged on the cross. Jesus willed Himself to die.

A sound went through the air as though a herd of animals had stampeded underground. A fresh breeze expelled its brief breath on the wild flowers.

Earth Trembles
The earth trembled and a small crack fissured the earth from the west toward the east and split the big rock of execution and went across the road and through the gate of Jerusalem and across the town and through the temple, and it split the big inner veil of the temple from the top to the boom and went on east and rocked the big wall and split the tombs in the cemetery outside the walls and shook the Cedron and went on to the Dead Sea, leaving fissures in the earth, the rocks and across

the mountains.
(The fissure in the earth must have seemed a "natural" disturbance to the general populace, which had apparently experienced earthquakes before this time. The rending of the temple veil would not have been revealed to the people.)

Centurion Bows Head
Abenadar and some of the soldiers jumped to their feet in alarm. They came to the front of the cross and looked at Him and at the darkened sky and the crack across the big rock. The centurion bowed his head. "Assuredly," he said to the others, "this Man was the Son of God."

He was troubled, and he turned to look at the friends of Jesus — perhaps to ask a question — but he saw that they had moved the mother of the Messiah back toward the crossroads near the gate.

Then the centurion noticed a man — one who was attired as a wealthy person — walking rapidly toward the city gate. Abenadar did not know the man, but he had seen him in the last hour standing apart from the others, watching the face of Jesus with obvious compassion. This was Joseph of Arimathea.

The centurion also saw that two of Pilate's guards were now conversing with the high priests. He had only begun to wonder at their presence, however, when the two came across the rock to tell him that the high priests had sent word to Pilate that if the crucified were still on the trees at sundown, all of Golgotha would be defiled, and no Jew could set foot on it henceforth. Pilate, eager to be done with

this matter of Jesus, had ordered two guards back to Golgotha and there to apply the crurifragium. Abenadar nodded toward the three crosses and ordered the guards to do their duty. One of the guards was armed with a spear. The other carried a board, about one inch by three inches and about four feet long.

The two men conferred and decided to begin at the left, with the silent one. He saw them coming and he knew that the crurifragium meant the breaking of both legs to hasten death.

When the robber sank to the bottom of his cross, and showed no sign of trying to pull himself up again, the two men moved on to Jesus.

The man with the spear said that this one was dead. He waved the other away, then stepped back a pace. He held his lance midway down the shaft, and drew it back, aiming for the right side of the Messiah's chest.

Jesus Is Speared
He would make certain that this one was not feigning death. The spear jumped forward and drove inward between the fifth and sixth ribs. It went through the pleura and the thin part of the lung and stopped in the pericardium.

The dead did not bleed, ordinarily, but the right auricle of the human heart holds liquid blood after death, and the outer sac holds a serum called hydropericardium. When the soldier withdrew the spear, blood and water were seen to emerge and drip down the side of the body.

The pair moved on to the political robber, who had exhausted himself with protests, and could only stare in mute horror as the man with the board took a stance beside him.

The two guards of Pilate stood before the crosses and their glances moved back and forth across the condemned, to watch for signs of life. The silent one, the Messiah, and the political robber hung quietly toward the bottom of their crosses. The guards secured the permission of the centurion to return to Fortress Antonia. Abenadar said that he too would leave with his platoon as soon as he collected all his gear.

Joseph Asks For Body
It required a degree of courage, indeed gallantry, to do what Joseph of Arimathea did that afternoon. He hurried to Antonia and requested an audience of Pontius Pilate. It was granted, and Joseph asked for permission to bury Jesus of Nazareth at once. Pilate was startled. He did not believe that Jesus was yet dead. Joseph insisted that he had seen Him die with his own eyes. To settle the matter, the Roman ordered a horseman to Golgotha at once to get a report from Abenadar.

(The reason Jesus chose to die before the crurifragium was because, regarding the death of the Messiah, the Scriptures had said that "not a bone of the lamb will be broken.")

This was an embarrassing interview for Joseph. In asking for the body for burial, he was making known to the procurator that he, a member of the Great Sanhedrin, the head of the well-known

"And behold, there was a man named Joseph, a counsellor; and he was a good man, and just . . . This man went unto Pilate and begged the body of Jesus. And he took it down, and wrapped it in linen, and laid it in a sepulchre that was hewn in stone . . . And the women . . . followed after, and beheld the sepulchre." An engraving by the classic German artist, Julius Schnorr von Carolsfeld. (Line engraving)

Sadducean family, was a secret Disciple of Jesus.

Jesus Died First
Joseph waited. Word came back that the Man Jesus had died first, just prior to the work of the guard with the plank. Pilate shrugged. He bowed pleasantly and gave permission for Joseph to take the body down, in conformity with Jewish custom, and to bury the body before the onset of the Sabbath.

The Hebrew senator thanked him and hurried out into the streets of Jerusalem. There, by accident, he met Nicodemus, the Pharisee who had once sought Jesus in the dead of night, and Joseph said that he had just built a sepulcher in the garden at Golgotha and was about to enter the body of Jesus there.

Nicodemus did not hesitate. He said that he too had been strangely moved by the words and deeds of this Man, and he wanted to assist in the funeral arrangements to see that Jesus was buried as an honorable Man.

It is ironic that when Jesus died His burial would be arranged not by the stalwart Peter nor the beloved John nor any of the men who had been close to Him, but by a Sadducee, a Pharisee.

The Roman custom was to permit the bodies to remain on the cross until the carrion birds, the dogs and other small animals and insects had had sufficient time to reduce the body to bones. It was Caesar Augustus who broke the custom and gave the Jews permission to take down those who could be certified as dead, and bury them before the Sabbath.

It was Nicodemus who sent a servant to his home for one hundred pounds of spices, a mixture of myrrh and aloes — which was necessary for the final anointment of the body. Joseph purchased wide bands of fine linen to be used as funeral shrouds. He also secured other unguents and a small downy feather.

What is the purpose of the small downy feather? What worries Annas, now that Jesus is dead? Follow Jim Bishop's moving description of the preparations for the burial of Jesus in Thursday's installment of "The Day Christ Died."

28 SHIPS TO OPEN SEAWAY

WASHINGTON (AP) — A Navy task force of 28 ships will move across the St. Lawrence Seaway this summer and tour 25 ports of the Great Lakes to mark the formal opening of the seaway.

Using 1,000 Marines, the ships will practice amphibious landings at five places. Under the command of Rear Adm. E. B. Taylor, the force will carry about 8,000 officers and men, and 1,100 midshipmen from the Naval Academy.

Adm. Jerauld Wright, commander of the Atlantic Fleet, said Monday the 27-foot minimum depth of the seaway will enable all the ships to reach Chicago. Smaller members of the force will go on as far west as Duluth, Minn.

The force, starting from Montreal, will comprise a heavy cruiser, a frigate, 15 destroyers, four submarines and several amphibious vessels and supply ships. The cruiser, the Macon, will be the largest warship ever to enter the lakes.

Ike Gets Views Of Governors

WASHINGTON (AP)—President Eisenhower has received these views on unemployment compensation from eight governors: The states want no federal standards but they could use federal money in an emergency.

The governors, representing the executive committee of the Governors Conference, issued a statement summarizing their views after meeting with the President Monday.

In essence, their statement agreed with Eisenhower's feelings. He, too, said the states should continue to set their own separate standards on unemployment compensation.

POPE TO WASH FEET OF 13 MEN

VATICAN CITY (AP) — Pope John XXIII will wash the feet of 13 men, instead of 12, on Holy Thursday, reviving a legend dating from Pope St. Gregory the Great in the 6th century.

The 13th pair of feet, according to the legend, were the feet of Christ.

According to the story, Pope Gregory bent to wash the feet of 12 beggars brought in from the streets of Rome. After he had washed the feet of 12 men a 13th man still waited. The pontiff, according to the legend, then realized that the 13th person was Jesus and in awe again bent to wash His feet.

The ceremony had fallen into disuse in modern times.

The Vatican announced Tuesday that Pope John will wash the feet of 13 student priests when he participates in the ceremony. Earlier the Vatican had said that the Pope would wash the feet of a dozen poor men or beggars.

AMERICANS ARE ISRAEL'S NEW CITIZENS

By THOMAS P. WHITNEY
TEL AVIV, Israel (AP)—He used to be Ben Hochman of Chicago but now he's Ben Ami Har El, a farmer of the Be'er Tuvia cooperative farm in Israel and quite happy with his life.

He says he doesn't regret in the slightest having made the big decision in 1935 to emigrate from the United States when he was 19.

Ben Ami Har El is not the only former American who has come to start a new life in Israel.

Another is Carl Alpert, assistant to the president at the Institute of Technology in Haifa. He says he also likes life in Israel and doesn't regret in the least coming here to work and live.

Kibbutz
On Israel's northern border with Lebanon there is a kibbutz—an Israeli collective farm—named Sasa. It is settled entirely by Americans. The life there is tough and the soil is rocky but the Americans have been sticking it out with fortitude. As with many of the kibbutzes, Sasa is not only a farm but a border fortress and they are as ready to fight as to till the soil.

Ben Ami Har El, Carl Alpert and the members of the Sasa kibbutz are representative of more than 7,000 American Jews who have come here to contribute their talents to the building of the Jewish state.

There are another 7,000 English-speaking Jewish immigrants from England and perhaps several thousand more from such English-speaking areas as the United States, Canada and Australia.

Important To Nation

The number of Jewish immigrants from English-speaking nations are small compared with those from central and eastern Europe and the Middle East. But the English-speaking immigrants have an importance to the nation greater by far than their numbers.

Among them are people occupying crucial positions in Israeli life. Golda Meir, Israel's foreign minister and the only woman foreign minister in the world, is an example. She was once a school teacher in Milwaukee.

One of the most important roles these immigrants play in Israeli national life is in helping strengthen ties between Israel and large and prosperous Jewish communities in the English-speaking world. It is from these Jewish communities that Israel obtains the largest part of the financial help which enables it to carry on the resettlement program for immigrants who are still entering this country at the rate of from 50,000 to 70,000 annually.

The rolling stream rolls on,
But still the vacant chair
Recalls the love, the voice, the smile
Of the one who once sat there.

ACTRESS FINDS SOLITUDE IN VERMONT TOWN

BENNINGTON, Vt. (AP) — Actress Diane Varsi apparently found today the solitude she wanted in her escape from the glamor of Hollywood.

A small knot of newsmen and photographers was the only reception committee when the 21-year-old actress arrived Monday with her 2½-year-old son, Shawn. No one was there to show her to her modest four-room apartment, first floor rear of a three-story wood and stucco building.

Solical Vermonters went about their own business. After a 15-minute wait outside the house in chilly temperature, Mary Marshall, the landlady, arrived with the key and showed Miss Varsi to the sparsely furnished apartment.

Fearful Hollywood
Reporters carried in two canvas suitcases and a wicker basket, the only luggage the blonde actress brought with her. Shawn carried a tiny toy dog.

She said she decided to settle in this town of 13,000 population in Vermont's rolling hills because she knew some girls who attended Bennington College.

The starlet quit Hollywood last week because she thought it was destroying her. She flew to Chicago and then, Monday, to Albany, N.Y.

Miss Varsi had planned to take a bus for the 40-mile trip from Albany to Bennington, but an American Airlines representative volunteered to drive her in his car.

TANEYTOWN — Following the advice of its Ladies' Auxiliary and local doctors, the Hesson-Snyder American Legion Post decided that it will buy a hospital bed with the proceeds of its recent magazine campaign. The bid will be kept at the Legion home and be made available to anyone in the community who has need of it.

The decision was reached at a recent post meeting during which Francis Lookingbill, chairman of the Easter egg hunt committee, reported on plans for the annual egg hunt which will be held Sunday at 2 p.m. at the Taneytown Recreational Park. Community children under 12 are invited to participate.

Proceeds from the Heart Fund drive, in plastic hearts placed throughout the community, were reported at \$21.30.

HARRISBURG (AP)—Sports fan David L. Lawrence batted out a few opinions on baseball Tuesday, predicting a pennant for the Pittsburgh Pirates and describing the threatened loss of Philadelphia's major league franchise as "a very serious thing."

The governor also said he would sign bills — if the Legislature passed them — to lift the Sunday curfew on baseball games and to permit the sale of beer in ball parks.

CAMDEN, N.J. (AP) — Two women who had just gotten into a car for a shopping trip were killed Monday when the driverless vehicle suddenly started going and smashed into an apartment house.

The driver, James Waters, 33, of Camden, had helped the women into his car and was walking around to the driver's side when it lurched forward.

He ran after it, but the car was going too fast. It careened across

LOSES PLEA TO ESCAPE CHAIR

NEW ORLEANS (AP)—A Shippenburg, Pa., truck driver sentenced to die in the electric chair for slaying a woman clerk has lost an appeal to the Louisiana Supreme Court.

The murder conviction and death penalty against Delbert W. Eyer, 25, was upheld by the high court Monday.

Defense attorneys appealed to the court contending the prosecution misinformed Eyer of the action the state would take in the trial.

Eyer's lawyers told the court the prosecuting attorney, in his opening statement to the trial jury, said Eyer would be tried under a charge he "committed this murder while attempting armed robbery."

But the defense said the prosecutor later set out to prove Eyer killed Mrs. Myrtle Pichon when "engaged in perpetration of armed robbery," which the attorneys said is a different path altogether.

Eyer admitted shooting Mrs. Pichon, 47-year-old five and dime store clerk. But he said it was accidental and denied any holdup attempt.

He was arrested near Slidell in his truck minutes after the slaying.

a lawn on a downgrade and hit the basement wall of the building. The women were Mrs. Elizabeth M. Hardy, 71, and Mrs. Helen M. Davis, 59, a polio cripple. Both lived in Westfield Acres, a federal housing development in East Camden.

Police said the motor was running, the car was in gear and one of the women apparently stepped on the accelerator by accident.

Waters, a friend of Mrs. Hardy's son, collapsed when he learned both women were dead on arrival at a hospital.

U. S. Has Proof Reds Broke Five Cables

WASHINGTON (AP)—Rejecting a Soviet protest, the United States contends it has evidence strongly indicating a Soviet trawler broke five transatlantic cables last month.

In a note to the Kremlin Monday, the United States said Moscow had no basis for protesting the boarding of the Soviet trawler Novorossisk by a U.S. Navy party of Newfoundland Feb. 26.

After a brief search of the trawler, the Navy group commander said there was "no indication of intentions other than fishing."

Monday's note did not allege any willful cable cutting, but said the vessel's trawling cable, used to reach bottom. It said broken sections of the trawling cable, found on the trawler "were shredded and frayed and appeared to have parted as a result of a sudden strain."

PITTSBURGH (AP)—The Rev. Vincent Brennan, 49-year-old pastor of Holy Sepulcher Roman Catholic Church near Butler, died unexpectedly Tuesday.

The priest was former executive secretary of The Pittsburgh Catholic, official weekly publication of the Pittsburgh Roman Catholic Diocese. He also was former chaplain of the Pittsburgh Variety Club. In 1955 he was named "man of the year" by Pittsburgh alumni of Notre Dame University.
